SY24-25 Notice of Public School Monitoring Review

The Department of Elementary and Secondary Education's Office of Public School Monitoring (PSM) will conduct an Integrated Monitoring Review of the Roxbury Prep Charter School during the week of January 13, 2025. Every three years, each public school district, charter school, vocational school, and virtual school in the state undergoes an Integrated Monitoring Review. The areas addressed during an Integrated Monitoring Review are organized into two groups, known as Group A Universal Standards and Group B Universal Standards.

Roxbury Prep Charter School will be undergoing a Group B monitoring review that addresses special education teacher and related service personnel licensure and professional development; parent, student, and community engagement, including compliance with state requirements; facilities and classroom observations; implementation and oversight of Individualized Education Programs (IEPs); time and learning, and equal access.

Our observation and review will take place on January 13, 2025, when a member of the DESE Office of Public School Monitoring (PSM) will visit our school buildings. In addition the process may include interviews with district staff and administrators, teachers and parents, to review policies and procedures.

Parents interested in learning more about Public School Monitoring Reviews, are invited to visit the following Department of Elementary and Secondary Education (DESE) resources:
